

Kindergarten Newsletter-

April 2024

4/1 Weather- We will conduct a science experiment to create rain clouds in a jar and learn about all of the different types of clouds that we see! The Kindergartener's will compete in straw and cotton ball races to "see" the wind, and build a Sun snack using cheese and crackers.

4/8- Space- Constellations of our own will be created using stars and creating them into our own pictures. We will turn the lights out and play in a glow in the dark star bin, and also play a game of "Hot Sun"- like hot potato!

4/15- Dinosaurs- We will use Dinosaurs to stomp footprints in salt dough, use Q-Tips to connect dinosaur bones and compare the size of our bodies to the size of Dinosaurs!

4/22- Earth/ Recycling- The Kindergarteners will be making some yummy Dirt Pudding, learn how to keep our earth clean and we will be using cardboard boxes, plastic bottles and paper towel rolls to "Reuse" and create unique works of art!

4/29- Around the World- We will take virtual field trips around the world to see what different areas of our world looks like. We will also chart and map our own favorite places to visit! Might even get to taste a couple special snacks from different countries! 😊

** Important Reminders:

-April 1st is a No School Day (Can attend ECCC)

The Kindergarten kids were asked: "If you could create a new planet, what would you name it?"

Killian- "Candy Island"
Bryce- "Bryce"
Ben- "Pokémon Land"
Abigail- "Candy Land"
Carson- "Baby Planet"
Victoria- "Flower Land"
Sebastian- "Spidey Verse"
Finn- "Space Land"
Brooks- "Sun Flowey"
Grady- "Sun Island"
